What in the world happened to you?

A man showed up at Church with both his ears painfully blistered. After the mass, his concerned priest asked, "What in the world happened to you?" The man replied, "I was lying on the couch yesterday afternoon watching a match on TV and my wife was ironing nearby. I was totally engrossed in the game when she left the room, leaving the iron near the phone. The phone rang and keeping my eyes glued to the television, I grabbed the hot iron and put it to my ear." "So how did the other ear get burned?" the priest asked. "Well, I had no more than hung up and the guy called again!"
