## Easter Sunday Reflection

- Easter gives us great hope and conviction that God is among us now and is drawing us ever closer to a transformed life of joy and overwhelming love. We are enfolded in the Paschal Mystery.
- This year as we celebrate Easter, we are experiencing again the pain of death and loss becoming the magnificent joy of the Resurrection.
- We say that Jesus rose on Easter, and we see that Jesus is the ultimate bridge between God and us. Through our shared humanity, we reach out to divinity.
- In following Christ, that means we have a relationship, that means we are in the world, as he was in the world.
- We are all called into community with each other, in this world together.
